PRODUCT DESCRIPTION

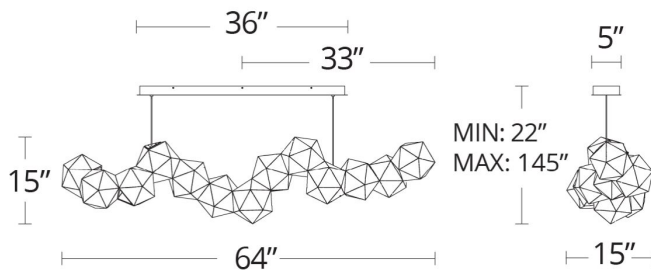

Riddle's intricate pattern and joinery is no joke. Our expert craftsmen use a special wet-etching process to create a textural motif that looks like a mash up of Sol Lewitt and the complex geometric shapes of Islamic architecture. Inside, an acrylic diffuser shields the high-performance LED modules to create a glare-free illumination, which peekaboo's through the etchings and creates stunning patterns on the nearest surface. A true statement piece with a bold black finish.

FEATURES

- Driver concealed within the canopy
- Wet-etched steel with matching black cables and hardware
- Injection-molded acrylic diffuser inside
- Thin powered aircraft cables provide an ultra clean look for adjustable suspension height
- Can be mounted on a sloped ceiling
